**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-2,6,14-22 are rejected under 35 U.S.C. 102(b) as being anticipated by Graunke et al.(US 5,991,399).

Claim 6: Graunke disclose a portable recording medium storing an encrypted content to be played by a playback device using a decryption key acquired from a management device in (fig.2 and col.4,lines 24-31). Graunke disclose the management device holds the decryption key of the encrypted content and the recording medium stores the encrypted content encrypted using an encryption key and a key request program for requesting the management device for the decryption key in (col.4,lines 30-51 and fig.2).

Claim 14: Graunke disclose a portable recording medium storing an encrypted content to be played by a playback device using a decryption key acquired from a management device in (fig.2 and col.4,lines 24-31). Graunke disclose the recording medium stores the encrypted content encrypted using an encryption key, and a key request program for requesting the management device for the decryption key in (fig.2 and col.6,lines 30-35). Graunke disclose the playback device reads from the recording medium and executes the key request program and on receipt of the decryption key from the management device reads from the recording medium and decrypts the encrypted content and plays the decrypted content in (col.4,lines 25-55).

Claims 1,15-17: Graunke disclose a management device which holds a decryption key for decrypting an encrypted content in correspondence with disclosure information showing whether disclosure of the encrypted content is permitted and a portable recording medium which stores the

Art Unit: 2135

encrypted content and a key request program for requesting the management device for the decryption key in (fig.2 and col.4,lines 30-40,50-55). Graunke disclose reading from the recoding medium and executing the key request program;referring to the disclosure information and judging when a request is received from a playback device whether disclosure of the encrypted content is permitted and transferring the decryption key to the playback device if judged that the disclosure is permitted in (col.3,lines 53-64;col.4,lines 30-35). Graunke disclose receiving the decryption key from the management device, reading from the recording medium and decrypting the encrypted content using the decryption key and playing the decrypted content in (col.4,lines 48-61 and fig.2).

Claim 2: Graunke disclose management device stores, as disclosure information, period information showing at least one of a disclosure start date and a disclosure end date, and judges whether disclosure of the content is permitted according to the period information in (col.7,lines 1-15).

Claim 18: Graunke disclose a key request program executing unit operable to read from the recording medium and execute the key request program and a key receiving unit operable to receive the decryption key from the management device in (col.3,lines 53-64 and fig.2). Graunke disclose a content reading unit operable to read the encrypted content from the recording medium and a playback unit operable to decrypt the encrypted content using the decryption key and playback the decrypted content in (col.4,lines 50-62). Graunke disclose the recording medium stores the encrypted content encrypted using an encryption key, and a key request program for requesting program for requesting the management device for the decryption key in (col.4,lines 30-34,48-55). Graunke disclose the playback device reads from the recording medium and executes the key request. And on receipt of the decryption key from the management device, reads from the recording medium and decrypts the encrypted content and plays the decrypted content in (fig.2 and col.3,lines 53-67).

Claim 19: Graunke disclose key request program authenticates a user in (col.6,lines 46-55).

Art Unit: 2135

Claim 20: Graunke disclose recording medium having the key request program and the encrypted content is a compact disk in (col.6,lines 30-35).

Claim 21: Graunke disclose recording medium having the key request program and the encrypted content is a DVD in (col.6,lines 30-35).

Claim 22: Graunke disclose management device determines if a key requested by the key request program should be sent to the content reading unit using based on one or more criteria in (col.4,lines 48-59).

#### ***Claim Objections***

Claims 1,6,14-18 recite “ the recording medium” it is unclear whether “the recording medium” refers to a portable recording medium. Appropriate correction is required.

#### ***Allowable Subject Matter***

Claims 3-5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

#### ***Response to Applicant's Arguments***

Previous grounds of rejections based on the Novak (US 6,865,555) have been withdrawn in view of applicant's arguments filed 1/9/07. However, newly discovered prior art has necessitated new grounds of rejection. See new rejections above.
